Order

The petition was taken up for hearing. The representative appearing for PSPCL has submitted that the electroplating industries use electrolysis process for their operation and therefore the electroplating industries should be covered under PIU tariff.

PSPCL has filed the present petition for clarification as to whether PIU tariff is applicable to Electroplating Industries, Hardening Furnaces, Tempering Furnaces, Metal Gathering Machines, Welding Machines/Butt Welding Machines and Power Coating Equipments. The Commission decided to Commission a study from an expert body to decide whether the above mentioned industries are covered under the PIU category or not through a transparent bidding process.

The petition shall be taken up for further hearing after receipt of report from the expert body.

The next date of hearing shall be intimated separately.
